NEW ADDRESS:

Clerk of the Commission
Clerks Office First Floor

Norfolk, VA 23510-1609

Court locality - 212
City of Norfolk

Dear Mr. Peck:

I am writing to you as the Corporate Records Manager for the law firm of Kaufman & Canoles. We are scheduled to relocate our corporate offices to a new building in late June of this year. Due to the large number of corporations for which we serve as registered agent, I would like to discuss the possibility of electronically changing our address on the state's records.

Our Norfolk attorneys serve as registered agents for approximately 1500 corporations, partnerships, LC's and RLLP's. We have seven current locations and recently opened an office in Richmond. It would be greatly appreciated if you could endorse the Commission's assistance with the challenge of changing the addresses of only our Norfolk office clients.

I understand that while this would be considered an exception to your usual procedure, the Commission has previously accommodated larger firms in similar situations. After several discussions with Mrs. Leondra Brown-Turner, she indicated that you would be the person who needs to be involved to ensure our request receives the appropriate consideration.

Please contact me at your earliest convenience to discuss this matter. Our firm would truly appreciate any consideration and/or assistance the Commission is able to extend.

Very truly yours,

Debra M. Rudolph
Corporate Records Manager
